## EDUCATION

### **The University of Texas at Austin** **2017-2021** **College of Natural Sciences**

- Bachelor's of Science and Arts in Biology, Pre-Med
- Minor in Sociology
- Pre-Health Professions Certificate For Science Majors
- Bridging Disciplines Program: Social Inequality, Health & Policy
- UT Honors, 2017-Present
- GPA: 3.8575

## SKILLS

- CPR Certification: CPR certified since April 2018
- Languages: Fluent in English and Cantonese, limited Spanish
- Proficient with R code, Microsoft Office
- MRI Level I trained for research

## PROFESSIONAL EXPERIENCE

### **Research Assistant at Dell Seton Medical School** **Spring 2019 - Present**

- Trained to perform MRI scans on research participants, screened participants for Bipolar I, Bipolar II disorder, and completed data analysis and entry. Conducted a separate research study on the significance of drug use on the manner of death in those with mood disorders.

### **Shadowing Internship with Dr. Yamauchi at Methodist Hospital** **Summer 2019**

- Shadowed pediatrician for an entire summer, for 2 days a week. Assisted the physician in writing notes, preparing patient rooms, and experienced direct patient contact.

## LEADERSHIP & VOLUNTEERING

### **Academic Chair of the Health & Society Collective** **Fall 2019 - Present**

- Organized mentorship and study groups for members of the organization, providing access to advice and creating a community for pre-health students.

### **People's Community Clinic Volunteer** **Spring 2020 - Present**

- Volunteered in the Pediatric End of the People's Community Clinic in Austin, TX. Organized and created pamphlets in Spanish and English for patients. During COVID-19, created craft videos for children at home to stay engaged while social distancing.

### **Memorial Hermann Hospital Volunteer** **Summer 2019**

- Volunteered in the Emergency Room at the Memorial Hermann, Sugar Land branch. Assisted patients, physicians, nurses, and techs. Stocked supplies in the ER, helped move patients in the hospital and monitored psych patients.

### **Dominican Republic Medical Volunteer Trip** **Summer 2018**

- As a member of UT's Global Medical Training, travelled to the Dominican Republic in rural areas near the border of Haiti and helped set up clinics. Treated, diagnosed, and prescribed medications to patients with the oversight of Dominican doctors.

### **ReadingAces Volunteer** **Spring 2019**

- Read books with kids at recreational centers in multiple underserved communities in the Austin area.
